

Kettering Town FC Youth Academy & Community

Covid-19 Return Procedures

BEFORE ARRIVAL

Players and coaching staff to wear clean kit. Go to the toilet and wash hands with soap and water for 20 seconds. Bring your own drink with you with your name on it. Bring your own hand sanitiser with your name on it. Coaches to bring their own PPE and clean equipment.

ARRIVAL

Players to arrive at the designated time and parents to park cars in the car park and head towards the 'burger van' entrance. The site will be signed to turn left on a one-way system. Please ensure your laces are done up as coaches cannot help.

HAND WASHING & SANITISING

Once in the ground in front of the toilets there will be hand sanitiser, wipes, paper towels and a bin to dispose of towels. All players entering the ground to use this upon arrival keeping at a 2-metre distance. The opportunity to go to the toilet will be available as well with hand washing, hand gel and power towels available.

ONE WAY SYSTEM

Once hands sanitised, to follow the one-way system to enter the training area through the gate at the top left of the ground at the 'Morrisons' end. Players to join their team at their designated area as shown in the map overview.

BELONGINGS

At each designated training area there will be areas marked out with marker cones where players are to leave their drinks bottles only at a 2m distance from the next one. All other belongings to leave in your car and arrive with the correct footwear ready.

THE TRAINING SESSION & SOCIAL DISTANCING

Players participating in the session will be in groups of 5 per manager/coach keeping a distance of 2m from each other. There will be no arrival handshakes. Areas will be indicated with marker cones. The sessions will involve no contact. The training bibs will have been washed before the session and the marker cones and balls wiped down with sanitiser. The players are not to handle to ball or equipment during the session apart from goalkeepers who must have their keeper gloves on. Cough or sneeze into your elbow and not your hands. Where there is insufficient coaches per ratio to players, then a parent will be involved to oversee a group in their section. Hand sanitisers, wipes and paper towels will be available at each area. Coaches will have PPE available for emergency first aid treatment. For minor incidents, then parents are to attend to their child.

END OF SESSION

At the end of the session the coach will debrief the group in a social distance manner. Players will then exit through the gate at the opposite end to which they arrived on a one-way system that exits through the tunnel. This way avoiding the new groups starting in the second session. Before the tunnel players are to again use the hand sanitising station. Players to leave through the tunnel with their parent back to their car in the car park.

PARENTS

Only one parent/guardian per child at all times pitch side as first aid cannot be given by the coaches unless an emergency due to social distancing measures. Additional parents and children can be waiting in the clubhouse.

CONSENT

By attending the training session, the player and parent are accepting the procedures laid out above and will abide by them in a strict and orderly manner. This document and the overview map will be on view at the entrance. It will also be displayed on the club web site and the link to it sent to the parents prior to the session.
